Office Solutions

Trim is a line of operational furniture made up of work surfaces developed in standardized dimensions and which make it possible to create single, double and multi-purpose workstations and meeting tables. These surfaces can be equipped with a set of accessories including include panels, partitions, electrification rails, socket boxes, cpu holders and stretchers, thus allowing them to be adapted to a multitude of uses. a multitude of uses.

The line is completed with some archive solutions including rotating blocks, fixed blocks and specific cabinets, also having other complements such as rotated cpu support and baskets for papers.
